# ABOUT THE APP

The 365 days of wine and food app is a curated list of wine and food experiences held around South Australia. It is free to download, free to use and free to register your event.

The app was conceived by the South Australian Wine Industry Association and supported by the Government of South Australia's Primary Industries and Regions. ## HELP US, HELP YOU

Our aim is to become the number one 'whats' on app' for local wine and food lovers as well as visitors to our state. An average of 3 new events are registered on the app each week, but to maintain relevance and evoke excitement we are always looking for more.

For this app to become the first port of call, it requires constant user engagement. User engagement requires exciting materials (events) and consistency of feed. The user needs to see that all of South Australia's premier wine and food events feature on the 365 days app.

More exciting event submissions result in more users and higher frequency of use – and this means a better reach for your event.
